## Hello again, in the Spirit of Tackling the Serious Oppression of the British people,

Allow me to ask for your support in defence of Maurice Kirk (and other victims) again, trying to keep him out of jail, given his medical condition and the number of false imprisonments he's endured already.

Many people have asked before what they could do to help. Now there is a petition to sign. It's called [WANTED: Fair Trials and Compensation in lieu of an Effective Remedy before National Authorities](#).

The petition is targeted at what [Patrick Cullinane](#) coined "HM Partnership". It shows [Lewis Nicholson's](#) T-shirt, as Maurice sees himself only as a representative of many, many [victims of financial exploitation and legal oppression](#).

Maurice would take a printout of signatures with him, should he decide to present himself to the Police, or should they come with a [Euro Arrest Warrant](#). You can sign anonymously and you can leave a comment, which will become as valuable a document as the [comments](#) on the [Stop the Oppression of the British people](#) petition.

As soon as we have some 200 signatures together, I will contact anybody concerned in "HM Partnership", following up with Kenneth Clarke and Vincent Cable and including the Privy Council that Maurice is also challenging. Enough is enough!

[Patrick Cullinane's](#), [Raymond Fox's](#) and [Maurice's](#) case are among the five that I presented to the [EU Commission for Justice](#) in Brussels. I've just asked Raymond's MEP to follow up. How embarrassing is it that, according to [Suzon Forscey-Moore RIP](#), the then Lord Chancellor travelled to Strasbourg in 1996 to ensure that the UK continue in her merry ways - without respecting human rights that is!? [See para 56 on Suzon's page.]

With a view to our meeting in January, I am working on a report for MPs and victims. It's entitled **Victims of Financial Exploitation and Legal Oppression - A Brief Sketch of an Embarrassing Face of the 'Big Society'**. Do let me know if you have anything to contribute!

I sincerely hope that we'll pick up a few more supportive MPs. Given their 'profile of sympathy' based on which ones of our [relevant Early Day Motions](#) they signed, there are quite a lot of potential supporters!

Please [drop also a comment on Maurice's website](#) if you feel like it! In desperation and frustration, he's just sent this email to Cardiff Crown Court:

Dear Sir,

### **Article 6 (Right to Fair Trial)**

*I ask you again, please, to put my application before court to 'set aside' the hearing of the 2nd Nov 2010, heard in my absence due to ill health.*

*The Royal College of Veterinary Surgeons refused, three times, to put my application to be restored before their own court.*

*In turn, The Judicial Committee Registrar refused, this summer, to put my Appeal before Her Majesty's Privy Council court.*

*I enclose yet another medical report, of today, so there is no ambiguity on the matter that my*

*condition has worsened.*

*I have been unable to have the hip operation because Crown Prosecution Service refuse to disclose my medical records.*

*Since the four Sep 20 medical reports, accepted with various Welsh courts, my GP sent you an update, as well.*

*I have found no local solicitor to help me in this matter*

Trusting that you see how Maurice's suffering and battling is representative of thousands of victims,

With many thanks again for your help and support, let us use the net and the web as effectively as possibly possible!
