Writ of Habeas Corpus

Your Honour,

Only today did I find out that you would accept a bail application that could be dealt at short notice (Transcript B7).

Despite your order for me to be informed both the CPS and the court service failed to do so. They also failed to tell me that you had requested my psychiatric report from Texas, USA.

I even came to court in a wheelchair on the 7<sup>th</sup> August and was not asked for the 3 psychiatric reports I had already obtained.

Instead I was again refused my right to apply for bail, contrary to law.

The court of appeal continues to ignore my applications.

I again apply for immediate bail as HM CPS continues to lie to the court.

Yours,

Maurice John Kirk BVSC
